1. From 18 to 21 November, Morozov, an official of the Berlin office, Reparations Branch, SGC, was in Magdeburg, where he visited the following factories: Ernst Thaelmann, Karl Liebknecht, Dimitroff, and AMO. He spent the night at the last-named plant, where there are special rooms for visiting Russian engineers.
2. Morozov is about 45 years old; 172 centimeters tall; dark blond; medium build. He has been in Germany only a few months and speaks poor German.
3. According to rumors circulating in the Berlin SGC garage, there will be much travel of Russian officials to East German ports, because the Russian authorities are about to start receiving the ships built for them in East Germany. Many SAG's will be handed back to the Germans after 1 January 1954, which will lead to many changes in the SGC.

25X1A 1. [REDACTED] Comment: Thaelmann, Liebknecht and Dimitroff are individual plants of SAG AMO, all located in Magdeburg. Also, the headquarters for SAG AMO is located in Magdeburg. The reference to the AMO plant is obviously to the AMO headquarters.
